Proper Classroom Lighting Discussed at Leetown School

By Mrs. J. Anne Williams

The REA has advanced another step in aiding rural communities showing how to save the eyesight of children through proper lighting of school rooms in regard not only to light fixtures, but in the conservation of natural light from the sun, painting and seating. Saving eyesight of youngsters means better sight and better health for future generations.

A room in the Leetown School, Hancock County, was chosen for the demonstration, as the school is a typical small school, with a great deal of community pride. The 7th and 8th grade room was selected because of the problem of glare from east exposure. All material used in the demonstration was furnished by the Coast Electric Power Association local REA Cooperative.

The initial work on the room was launched Saturday, August 12, 1950, when Mr. Shattuck, manager of the Coast Electric Power Association, and Mr. E. E. Briland, County Superintendent of Education, invited teachers and other interested parties to the Leetown School.

Mr. Briland introduced Mr. Shattuck, who in turn introduced Miss Webb, the full time Home Electrician of the Coast Electric Power Association. Mr. Shattuck then introduced Mr. John M. Frazier, Scientist and Health Instructor from Mississippi Southern College in Hattiesburg. Mr. Frazier was loaned by the college for a period of three years to the State to offer instruction in light conservation, and the guarding of health in schools.

Mr. Frazier stated his purpose was not to sell but to save. He told of how light improperly painted walls, high gloss on desk, poor artificial light, all proved expensive as well as injurious. He stated the high percentage of eye glasses and medical attention that would be needed.

After telling how the MSC Demonstration School conquered their light and painting problem, he showed actual pictures of various schools in the State that had followed his advice on proper lighting.

Mr. Frazier measured the windows in the 7th and 8th grade room for light diffusers, drew a diagram to scale on the board, explaining each step as he went. Then he called the genial carpenter, Mr. Charles Lee and Mr. Luther Becker, who cut and nailed the proper material, then as many as the frames, Miss Webb and Mr. Doe Thigpen, who hung the diffusers over the windows, thus the first step in improving the light situation was completed. Mr. Shattuck demonstrated how to prepare the desk for refinishing.

The guests were treated to a typical southern dinner of fried chicken and all the trimmings by Coast Electric and cooked and served by the lunch room workers of Leetown School. In the afternoon, Mr. Lee and Mr. Doe Thigpen treated the guests to watermelon.

The people of the community, Mr. Lee and others made the guests feel welcome and saw to their every comfort.

Mr. Shattuck told the teachers, Coast Electric will cooperate with them in lighting problems they have at their schools. He also stated that this was the first of a series of such demonstrations that would establish model rooms throughout Coast Electric's service area.

Everyone had a most pleasant as well as profitable day, and the nice meal served in the modern sanitary lunchroom will long be remembered. Those preparing and serving the meal were:

Mrs. Charles Lee and daughter, Char-

lotte, Mrs. Lottin Lee, Mrs. Culbert Lee, Mr. Doe Thigpen.

Besides Mr. E. E. Briland, who represented Leetown, Mr. and Mrs. E. G. Harrell, Miss Yvonne Lee, Catalina Lee, Mr. Doe Thigpen, Mr. Culbert Lee, Mr. Doe Thigpen, Miss Marjorie Mitchell, Gullfow, Mr. Olen Sual, Mrs. Jeanne Williams, Mrs. E. E. Briland, Webb, Mrs. Claiborne Lader, Taylor Mrs. Warren Traub, Waveland, Miss Mary Perkins, Miss Mary Margaret Turcotte, Kili, Mrs. Robert Quinlan, Miss Gloria Martin, Cuevas Dedeaux, Mrs. Harlan Sauer, Mrs. S. S. Rutherford, Caesar, Mrs. Monroe Lee.

Carpenters who helped were Mr. Charles Lee and Mr. Luther Becker.

SCOUT TROOP TO LEAVE SUNDAY ON ANNUAL CAMPING TRIP

Troop 217 will leave Sunday for their annual camping trip, which will be held at Fenton, Miss. This will be the 10th annual trip. The camping grounds of Fenton is a ideal place for the boys as it provides swimming, fishing and scout work.

A six mile hike along the bayou, sometime on white sand, through the water or the woods makes it a trip worth while to the boys, also blazing a trail through the woods, teaches a scout how to make a trail and find his way back.

This trip, along with the two tents that were donated was made possible by the many friends of the scouts.

AMERICAN LEGION HOLDS FIRST MEETING IN NEW HOME

The American Legion held its first meeting in its new home on South Beach, on Tuesday, August 15 of this week with a very enthusiastic group of members present. This marked the reaching of a long dreamed goal for the Legion.

The main topic of discussion was the work of the Legion now going on so that the weekend of Labor Day, with proper ceremonies. Committees have been appointed and all details will be worked out. Watch this paper for announcement of the Legion's big Labor Day week end program.

SEVERAL FAMILIES LEAVING FOR NEW HOMES

Between August 15 and September 1 several families, who have resided here for a number of years, plan to leave to make their homes elsewhere. Their exodus will be a loss to the community and they will be greatly missed by friends and acquaintances. The families and their destinations are: The Vernon Jouberts and the Robert Williams to Dallas, Texas; Dr. and Mrs. V. Friedricks and family to Bayou Liberty, Slidell, La.; Mr. and Mrs. A. Prewitt and family to Temple, Texas; Mr. and Mrs. James Seghers and family, Mr. and Mrs. A. O. Drescher and family, Mr. and Mrs. Sidney Lewis and family, all to New Orleans.

CHURCH SCHOOL CLOSING AFTER TWO WEEK SESSION

FORMS OF GOVERNMENT DISCUSSED BY LEAGUE OF WOMEN VOTERS

The provisional League of Women Voters of Bay St. Louis met for its weekly study hour on Friday evening at the home of Mrs. Elizabeth Crasto. There was a large attendance. The discussion was divided between Mrs. E. C. Kirkpatrick and Mrs. E. C. Samuel, who reported on forms of government, and Miss Mae Edwards who was very informative as to the origins of the city. The League would like to extend a special invitation to members of the city government, the chamber of commerce, or anyone who is interested in city government to attend these meetings. The next one will be held at the home of Miss Mary France Scalford, on Hancock Street on Friday evening, August 18, at 7:45 o'clock.

LIBRARY TO HAVE ITS ANNUAL TAG DAY THIS SATURDAY

The Bay St. Louis-Hancock County Library will have its annual tag day on Saturday, August 19 and every one is asked to contribute to what we consider a most worthy cause. The library is one of the most helpful and educational projects in Hancock County and the fact that it is operated on a limited budget is the reason for the annual tag day when everyone is asked to contribute to the fund which is used to furnish the library with more and better books for adults and children alike.

If you are not approached by any of the young ladies who will be around on Saturday selling the tags, then you may send your contribution directly to the library and it will be greatly appreciated.

Sees What Looks Like Flying Saucer Monday Evening

Mrs. John Thomas, of 111 Union Street, and her daughter, Mrs. Holzhauser, while visiting Mrs. Thomas in the vicinity of Cedar Point near Cuspech's Bayou last Monday evening, saw what they thought to be a flying saucer.

Mrs. Thomas when asked to describe the object she and her daughter had seen, said, "It looked like a large silver disc flying at about the average height as an ordinary plane would fly on a regular run. When we first saw it, it just seemed to suddenly appear from out of the sky at a moderate rate of speed, until we could no longer see it. It was a beautiful sight to see this shining object whirling around in the air, but it made no noise whatever. It definitely was not an ordinary plane."

This is the first time anyone has ever reported seeing an object of this sort in this vicinity, so it quite naturally aroused lots of interest.

Mrs. Thomas at once notified members of the local American Legion Post and the FBI.

FIRE CHIEF ASKING FOR VOLUNTEER FIRE FIGHTERS

Anyone interested in joining the Bay Coast Fire Chief Tom Karl, who says that the company is in need of volunteers who are dependable and ready and willing to lend their efforts in the interest of fire protection for our town. This is really something worthwhile and anyone who feels he can spare the time and is willing to cooperate should be willing to join the company which is after all, for the benefit of the whole community and not just for a few. Fire is a dangerous enemy and we should all be ready and willing to lend our efforts to fight it.

ROTARY SPEAKER TELLS OF CLASSES OF BOATS

The regular business meeting and luncheon of the Rotary Club was held at Hotel Reed on Wednesday noon. In the absence of the president, Alden Mauffray, Arthur Chapman presided.

The speaker of the day was a fellow member, Al Wainfurther, of New Orleans, who gave a short dissertation on various classes of sailboats and traced the origin of the fish boat class, of which our own local club has a fleet of four. This class evolved as a result of a suggestion given by Sir Thomas Lipton after he noticed a lack of yachting enthusiasm in the South as compared with that of the East coast, that the Southern clubs agree on a design of a particular class of racing boat. Following this suggestion the Southern Clubs secured the services of the architect Rathbone du Buys, who created the Fish Boat which is now well known in the Gulf Yacht Association. Every club in the GYA owns a fleet of this class. The highlights of summer racing in this section will be the Lipton Series to be held in Pensacola on Labor Day week end. The Bay St. Louis representatives will be Carol Gordon, Arthur Wynne, David McDonald, C. C. McDonald with Jack Gordon as alternate.

SCAN DEPENDENCY DISCHARGES

Washington—A House committee working on the problem of family support allowances for servicemen was reported to be inclined to the view that men with three or more dependents should be eligible for discharge.

Chairman Brooks (D-La.) of an armed services subcommittee told reporters he personally favored the discharge of men with more than three dependents. He said other committee members would have it three or more dependents.

Brooks said his group may get around to formal voting on various proposals later.

Congressional leaders and President Truman are agreed that a family support system should be set up speedily.

A plan Mr. Truman sent both House and Senate last week, embodied two of the ideas considered: (1) That the serviceman should bear a good part of the cost of his family support from his own pay, and (2) that the serviceman with many dependents shouldn't be in the armed forces anyway.

Chairman Tydings (D-Md.) disclosing a new plan has been given "tentative support" in his Senate committee, told reporters that "a man should take care of his family while he is in the service." He added that if the serviceman could not do so with the allotments he should be discharged from the service as a "hardship case" or deferred from the draft.

Mr. Truman's plan similarly recommended discharge from active duty of any serviceman whose family could not be supported on a \$150-a-month support allotment the top limit he suggested.

The president, urging speedy action, called for benefit payments to begin September 1 covering this month.

Under the administration plan:

1. A dependent wife would get \$75 a month, plus \$25 a month for each dependent child—but not more than \$150 altogether.

2. A dependent parent would get \$60 a month, two dependent parents a total of \$70.

Under the tentatively approved Senate committee plan, a private's wife alone would get \$60, a wife and child \$81, and a wife and two children \$105 a month.

Tydings told reporters there probably will be a "compromise" between what the administration proposed and what the Senate committee has been planning. He said the basic benefit payment might wind up at about \$65 instead of the \$75 proposed by Mr. Truman.

MISSISSIPPI NIGHT SET FOR AUG. 30

State to Present Plaque on Capital Anniversary

Washington—The sesquicentennial commission, which is directing the program marking the 150th anniversary of the founding of the nation's capital, will observe "Mississippi Night" August 30, it was announced recently.

Fielding L. Wright, Jr., son of Mississippi's governor, will accept the plaque in behalf of the state of Mississippi. The program will be held at the 600,000 amphitheatre in Rock Creek Park.

Gov. Wright, asserting that he would be unable to attend the function, suggested that his son represent him at the function. The presentation will be made by Carter T. Baron of Washington, executive vice-chairman of the commission created by Congress for the 150th anniversary program.

Fielding Wright, Jr., came to Washington several months ago as a temporary member of the staff of Sen. John C. Stennis of Mississippi. A lieutenant in the United States Air Corps reserve, he said he expects to be called to active duty and will likely be stationed at Bolling Field here. He was a pilot in World War II.

OFFICIAL HIGHWAY MAP IS ISSUED

Jackson, Miss.—Mississippi's new edition of the official highway map, listing new designations of highways made by the Legislature, is now available to the public, the state highway department announced.

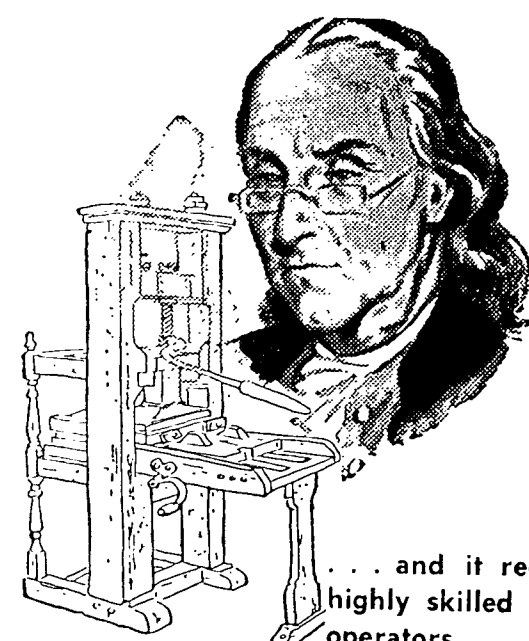

At a special session of the Legislature last November and December, many roads which formerly were listed as un-numbered routes were given numbers, and some existing routes were re-numbered. The new numbering includes state highways from No. 1 thru No. 606.

State Highway Commissioner Sidney Roebuck said that during 1949, 60,000 copies of the state highway map were distributed. The new map is back with a color layout of pictures showing the industrial and agricultural development of the state.

Mississippi Held Still in Running For Huge Hydro-Bomb Plant

Jackson, Miss.—Mississippi is still in the running for the location of the hydrogen bomb plant, a project official said here Wednesday.

The official also reported that his "felt sure" that no definite decision has been made in Washington on the location of the \$200-million plant to develop the hydrogen bomb.

"We have a man in Washington right now trying to find out something," he declared.

The official declared that he believed that reports of the location of the plant in Arkansas was premature, and that Mississippi, along with Alabama and Missouri, were being considered.

"I believe that the site which is being considered will be called on to submit proposals for the facilities which they have to offer to the DuPont Corporation, which is going to build the plant," he stated.

Lee Town School

An extremely interesting demonstration and lecture were given at the Lee Town School, Saturday, August 12, by Prof. John M. Frazier of the Science Dept., Mississippi Southern College. The subject lectured upon was the correct lighting of school rooms. Many interesting facts were brought to light during the lecture and demonstration. During the morning, colored slides were shown by Prof. Frazier depicting the advantages of a correctly lighted school room over the one that was still practicing the older methods. The main purpose of the entire demonstration being of course to prove to the people of the community how much more improvement was being made in the grades department, and general conduct of the students attending classes in schools that were correctly illuminated, against the same type of schools where insufficient illumination was present. The fact was firmly established by Prof. Frazier that on the whole, the schools in this area are very much in need of

a system of proper lighting; both natural and artificial. In the room in which the demonstration was given it was proven by measuring the actual amount of light present in the room before the proper method was shown, that fully one half of the students were receiving less than half the amount of light needed in order to perform their work in the most efficient manner.

"It follows," said Prof. Frazier, "that there are also other detrimental effects as a result of the almost general condition." For example, eye strain, and as the child grows an actual physical deformity as a result of having remained in an unnatural position while struggling to see the printed pages of text books. The Prof. also went on to tell the effects of a room that was properly painted as against one that was not. Again, the facts were there for all to see. The day of the school room with the dark walls, large areas of the wall given to blackboards, dingy white walls, etc., are definitely a thing

of the past, along with hoop skirts and button shoes.

At noon a dinner was served, of fried chicken, ice cream and all the fixings. Inquiring as to who was responsible for all this fried chicken and stuff, we found out that Mr. Shattuck of the REA was the gentleman who had made all this possible.

After lunch an actual demonstration was given of lighting control by the construction of light diffusers. The purpose of these being to equalize the amount of light entering a room in order that the students away from the windows received the same amount as those nearest the window. The amount then being the desired and right quality as well as quantity. Mr. Ed Breland, Hancock County Superintendent of Education, gave a talk at the finish, in which he expressed his appreciation of Prof. Frazier's efforts and those of the teachers present.

Thongs Return Home After Hearing Alleged Message From Virgin Mary

Necedah, Wis.—Thousands of spectators from many states, who heard a Wisconsin farmwife relay a message she said she had received from the Virgin Mary, trekked homeward with mixed reactions.

Standing before an improvised shrine in her farmyard, Mrs. Mary Anna Van Hoof told a hushed throng that the Blessed Virgin had exhorted them all to "pray, pray, pray."

Mrs. Van Hoof claims she has seen the mother of Christ six times before in visionary appearances here.

The spectators—estimated to number nearly 100,000—had to decide for themselves whether to disown or believe for they saw nothing unusual. But the claims that had drawn them there, unusual in itself was the huge assemblage around the shrine erected where Mrs. Van Hoof says the Blessed Mother has visited her since last November.

Mrs. Van Hoof, 41, emerged from her home shortly before noon and, as the throng stilled, knelt before the image of Mary standing in the midst of several trees some 30 feet from the house. She rose and blessed the people with a crucifix, then knelt again. Her lips moved but no sounds were heard. She rose once more after a few minutes and in a tense voice spoke to the masses.

She repeatedly urged her listeners to "pray, pray, pray."

"The enemy of God is all over America," she told the crowd.

"Pope Pius XII is in danger unless we pray. . . I want to warn of Korea. It won't end unless we pray. Our bishop must recede clouds are coming over America. Alaska is the first stepping stone. Remember the Pacific Coast. Remember now, only prayer will save us."

Mrs. Van Hoof at times was inaudible, despite a microphone, and at times her talk was rambling.

Finished speaking, she returned to the house with her husband, Fred, 57, who expressed confidence that Mary does appear to his wife.

Prompted to ask her mother if she had seen the vision, Joanne Van Hoof, 13, went in after her mother and a moment later reported through the screen door:

"She says what a silly question—Yes."

The visitors, from all parts of the United States and from Canada, melted away. They had come by auto, special trains and buses. As they left, many perhaps recalled that Mrs. Van Hoof says the Virgin also has promised to appear October 7.

Those of Mrs. Van Hoof's Roman Catholic faith were aware their church is extremely cautious in handling matters of this nature. The last apparition of the Virgin Mother accredited by the church occurred at Fatima, Portugal, 33 years ago.

WOODCOCK SEEKS REVIEW OF PASS CHRISTIAN VOTE

Bravo Woodcock, incumbent Pass Christian marshal who ran second to Reed Winstead while seeking reelection to that office on June 28, filed a petition Monday for judicial review of the election which found only 34 votes separating the two contestants in the second primary.

In filing his petition in the office of Circuit Clerk E. C. Lindsey, Woodcock charged the municipal executive committee of Pass Christian with failing to allow him to examine the ballot boxes or the poll books after the votes had been counted. The committee for the election was made up of A. St. Amant, Robert Demetz, William T. Wood, C. C. Ladner and Harry Wattman.

Woodcock charges that the committee refused him permission to examine the boxes when he had a list of 76 voters in the first and second primaries who were unqualified either by reason of living outside of the community or for the designated period of one year.

Woodcock desires through judicial channels, to examine the ballot boxes of the four wards and their contents where the June 28 primary is concerned. His claim was that if all illegal ballots are thrown out that it will be shown that he is the legal Democratic nominee for this office, tantamount to election in Mississippi.

Circuit Clerk Lindsey, upon receipt of the petition, notified Supreme Court Chief Justice Harvey McGee who will in turn appoint a chancellor from without this district to try the case. Whoever Chief Justice McGee appoints will set the date for the hearing.

MISSISSIPPI RECEIVES
\$12,275.00 FOR FIGHT
AGAINST POLIO

Twelve thousand two hundred seventy five dollars reached Mississippi this week from national headquarters of the National Foundation for Infantile Paralysis to all county chapters of the March of Dimes organization in paying for care of polio patients. Counties receiving funds were: Calhoun, \$6,000; Washington, \$4,000; Warren, \$1,825; and Chickasaw, \$450. Since January 1, Mississippi has received \$71,742.67 in emergency aid funds.

Seventeen new cases of polio were reported in Mississippi for the week ending August 12 according to Dr. A. L. Gray, director, Preventable Disease

Control, State Board of Health. "The 1950 total now stands at 157 cases, as compared with 176 cases at this time last year," added Dr. Gray.

Hendon County, with four cases, had the highest incidence during the week. Claiborne, Harrison, Warren, and Lowndes Counties had two cases each and five counties reported one case.

During the week the Lutheran Hospital in Vicksburg requested one respiration to aid in any emergency which might arise. This equipment was sent from Pascagoula, Mississippi, at the request of the hospital.

The Korean campaign will be tough in the long run—on the North Koreans.

WAVELAND
WANDERINGSBy
Mrs. Georgette Hall

Mr. and Mrs. Guy Drew and Mr. and Mrs. Alfred Bourgeois drove to New Orleans on Sunday to meet Mr. Ray Michael Bourgeois, son of Mr. and Mrs. Alfred Bourgeois.

Ray Michael is in the US Navy and presently stationed in Portland, Oregon. Since his last visit to Waveland, Ray Michael has married and now he and the new "Mrs. Bourgeois" are home for a month's visit with the Senior Bourgeois on Waveland Avenue. Ray Michael recently signed up for another period of six years in Uncle Sam's Navy.

Mr. and Mrs. Morris Bourgeois of New Orleans were also guests of the Alfred Bourgeois over the week end.

Mr. and Mrs. N. B. Hall, Sr. of Rusk, Texas are guests of Mr. and Mrs. N. B. Hall, Jr. in their home on Beach Boulevard. The Halls arrived Sunday and are spending this week in Waveland. On Monday afternoon, Mr. and Mrs. N. B. Hall, Sr. and Mrs. T. H. Brockman, and Miss Lynne Hall, drove to Hattiesburg, Miss. for the commencement exercises at Mississippi Southern College. Mr. Norman Hall, Jr. was awarded the Master of Arts Degree after a year's study at the College. Over three hundred and eighty-five candidates were awarded degrees; the largest class of graduates in the history of Mississippi Southern College.

Mr. Hall will assume his duties as coach and instructor at the Pass Christian High School, Pass Christian next week.

A "Square Dance Club" is being formed by some of the younger set interested in dancing. The club is not restricted to Waveland as many enthusiasts from Bay St. Louis, Clermont Harbor and Lakeshore are interested in getting the club started.

Dr. and Mrs. Victor Smith spent the week end in their summer home on Beach Boulevard. Mayor and Mrs. DeLassus Morrison of New Orleans were among the guests.

Mrs. Ducre Bourgeois and children, J. D. and Patricia, are spending a week in Memphis, Tenn. They plan to visit friends during their sojourn there.

Mrs. Johnny Darson and children, Richard, "Dutch", and Susan are spending a few days with their grandparents, Mr. and Mrs. R. Durden.

Mr. and Mrs. Carl Callahan spent the week end in their home on Waveland Avenue.

Mr. and Mrs. Charles Macalus had as their house guests over the week end Mr. and Mrs. Vincent and two children of New Orleans; Misses Eileen and Nina Clesi also enjoyed the week end with the Macaluses.

Malvin Wilson, grandson of Mr. and Mrs. Garfield Ladner had his tonsils removed this week. We're wishing you a speedy recovery, Malvin.

Mr. Wesley Bourgeois spent Tuesday with his parents, Mr. and Mrs. Alfred Bourgeois.

Mrs. Ada Edel of New Orleans accompanied Mr. and Mrs. Alvin Ladner and children when the Ladners visited, Mayor and Mrs. Garfield last week.

The Waveland Pier Committee is sponsoring a square dance to be held for the benefit of the Parents' Club on Friday evening, August 18. The place is the Waveland School and admission is 50c. Don't fail to attend this big dance where young and old can enjoy an evening of fun.

Mrs. L. J. Marrello and three young daughters are guests of Mr. and Mrs. Ed Gipson on Beach Boulevard. Miss Dolores Landry of New Orleans is also visiting the Gipsons for a week.

On Saturday afternoon, August 12 at 2:00 o'clock in the lovely shaded yard of Craft's Anchorage birthday greetings were being showered upon Riney Bean, the honored guest who was celebrating her third birthday. She was brushed and combed for the event and although large for her age and quite terrifying to those who do not know her the honoree enjoyed the celebration to the fullest. The guest of honor was Krissy who seemed to enjoy the party as much as her honored friend. The ice cream and cake made a big hit with both these guests which is a little strange you see, because Krissy is a white cat and Riney Bean is Mrs. Johann Craft's Great Dane.

On Sunday afternoon, Mr. and Mrs. Joseph Rosenberg and their daughter, Miss Shirley Harrison, enjoyed a birthday dinner honoring Miss Harrison at Paradise Point. Mrs. Karl Craft was their guest.

Miss Gerry Fenasci of the Bay-Waveland Fenasci Dancing School has announced that students who wish to enroll for the fall can register with her now. The local branch of this school recently celebrated its first birthday.

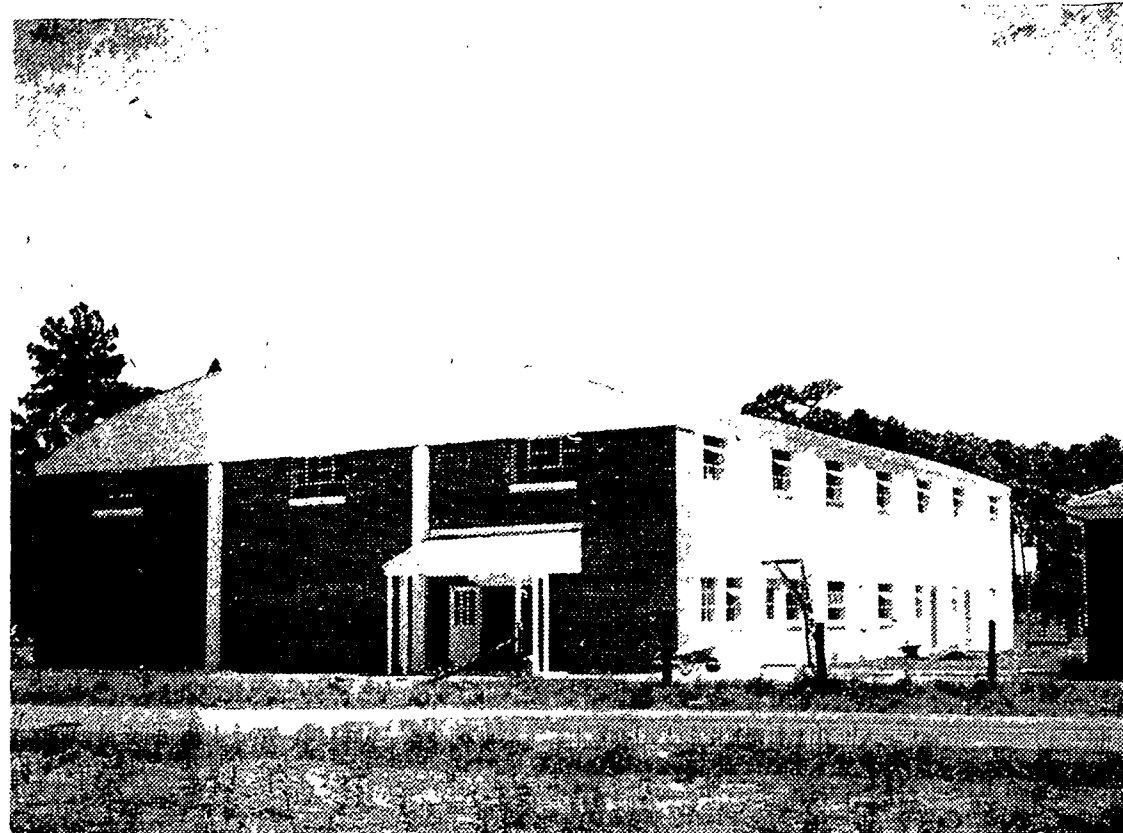

STRIKES

The Bureau of Labor Statistics reports that the number of workers on strike in June dropped 20 per cent from the May level. The number of man-days lost totaled 3,000,000, compared with 2,750,000 in May. The number of new strikes dropped from 450 to 425, but the June walkouts still involved 250,000 more workers.

VETS IN CONGRESS

About ninety of the 290 war veterans in the House of Representatives and the Senate are members of military reserve units but defense officials have announced that they would not go into uniform unless they were called. While the armed forces are calling some reserve units to active duty, officials said that an over-all deferment policy now being drafted by the Defense Department would exempt members of Congress.

New Gym For Gulfview School

Above is shown the \$250,000 Gym and Cafeteria building recently completed for the Gulfview School at Lakeshore. This is probably the only Grammar grade school in the state with its own gymnasium. Work on the building was begun in May 17th, 1950 and completed on August 5th. The contractors were Wally C. and Company, of Richton, Miss. Mr. Glen Seal is Principal of the school.

FARMING LAND VALUES
CONTINUE ON AN
UPWARD TREND

Washington—Rising farm commodity prices and the high cost of economic activity are sending farm land prices up again.

The Agriculture Department reported that land values increased an average of two per cent between March and July to continue an upward trend started last November.

Prices are only three per cent below the peak reached in November 1948.

The department said the Korean situation has introduced a "strong new force" in the farm commodity and real estate market. It said that if present commodity price increases are maintained land values can be expected to continue strong.

Land prices were said to be showing strength in Minnesota, Iowa, Missouri, South Dakota and Illinois, where advances since March average 8 per cent. Price increases were not the rule for all states, however. Unfavorable weather or crop conditions caused price weakness in some areas.

Increases in land values by states between March and July included:

Illinois, Nebraska, Wisconsin, Kansas, Arkansas, Louisiana, Idaho, Kansas and Colorado, one per cent.

Decreases included:

Vermont, Rhode Island, North Dakota, South Carolina, Georgia, Mississippi, New Mexico, Arizona, and Nevada one per cent.

Medal Is Awarded
to Lt. Col. Terry

Lt. Col. Augustus Theodore Terry, Jr. of New Orleans has been awarded the Silver Star medal for gallantry in action in Korea, according to an Associated Press dispatch.

Col. Terry, son of Mr. and Mrs. A. T. Terry, Sr. 2239 Odun, New Orleans is commander of a field artillery battalion and was cited for "breaking an enemy attack by inspiring his men to remain in position."

He was one of 11 members of the 27th Infantry Regiment decorated by Maj. Gen. William B. Keen.

Col. Terry has been in the Army since his graduation from Louisiana State University in 1937 and has been in Korea since the invasion. His wife and three children are in Nara, Japan, near Osaka.

Col. Terry resided in Waveland with his parents and sister, Mrs. Mary Virginia Terry for a number of years and is a graduate of Bay St. Louis High School. He is also a nephew of Dr. and Mrs. T. B. Sellers of this city.

G. I. BENEFITS

The Veterans Administration has extended educational benefits of the GI Bill indefinitely for World War II veterans who go back into active service. Veterans who have started GI Bill studies and interrupt them to return to military duty will not be bound by the July 25, 1951 cutoff date for returning to educational training.

LONGSHOREMEN REFUSE
TO UNLOAD SOVIET
CRABMEAT

New York—AFL longshoremen, angered by the Korean war, have slapped a boycott on \$250,000 worth of Russian canned crab meat.

They say it can go back to Russia before they'll unload it from the British liner Parthia.

The Parthia moves to Boston but will probably run into the same boycott there.

"You can rest assured we will not move the Russian cargo one inch," declared Daniel J. Donovan, vice-president of the international longshoremen's association in Boston.

The crabmeat, 80 tons packed in large wooden cases, is the property of the British government.

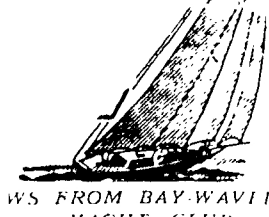

A United Kingdom trade official said that Russia insisted Britain take it as part of a trade treaty deal that swapped British machinery for Russian timber.

At about 65 cents a can, it was too rich for Britain's austerity diet, and it was decided to sell it in America.

"Why help Russia make money in this country?" asked Frank Kerins, Ill. shop steward in New York.

"Most of the men here are veterans. We'll be fighting Russia soon."

We feel sure, without any direct evidence, that patriotic medical men will volunteer in sufficient number to give adequate care to Americans wounded in battle.

The Women's Auxiliary held their regular monthly meeting on Thursday of this week. After much discussion, it was decided to have a seafood dinner served cafeteria style on Sunday September 3, from 5:30 p.m. until 8:30 p.m. Since this is a money making project, it is hoped that there will be a very large attendance. The Auxiliary will also sponsor a swimming and hot dog party next Saturday afternoon, for the families and children of members, at the Club's beach, from 4:30 until 8:30 o'clock.

The Skippettes have plans afoot for a dance honoring skippettes from the other Gulf Coast Clubs, on Saturday, August 26.

Trifles & Treasures

by
PEGGY FOOTE

My grandmother used to say always, "Stop looking for a thing if you really want to find it." I never have been able to figure out her theory but usually it worked. I mistook my pen. I literally took the house apart in search of it and still could not find it. Then I remembered to "Stop looking." In a little while I had to go to the washroom to retrieve something from the Frost Master and staring mockingly at me from the pocket of a shirt was the fountain pen. Then I recalled having clipped it into the pocket of the shirt I had had on that morning and forgotten it.

I went shopping not long ago with myself and while waiting for him to be fitted for a suit, I overheard a small slight, dapper little man of perhaps fifty-five ask the salesman to show me something suitable to play canasta in. The salesman, a man not too accustomed to surprise, looked at him in amazement and for a moment stood staring with frank disbelief. Then he visibly composed himself and answered feebly, "Yes, sir, I'll show you what we have." As he passed me by I gave him a broad smile of understanding and he seemed to regain his self-assurance. Unfortunately, I never learned what the selection was for just about that time my Romeo came forth in a never thought he was a handsome man but he certainly seemed so at that moment.

But to get back to the "little dapper" it did seem a rather silly request but don't you, after all, admire spirit? I am an old hundred per cent in favor of anyone trying to keep young and active. I have thought of him so often since and I sincerely hope he found the proper attire.

The other evening while driving down the beach, I was forced to come to a dead stop because three teen-aged girls obstinately refused to let me go by. I couldn't see any just reason why, but there it was. When finally they stepped aside and let me through I reflected on the appalling lack of breeding in the majority of young people. For the first time in my life I was momentarily glad that I had no children. I would be so ashamed for my daughter to be so ignoble. When I was growing up (of course this very statement dates me) I was inclined to think that the hair brush was wielded a little too frequently. We all thought my father was far too severe but when one observes the shocking results these days one breathes a small prayer that at least the effort was purposeful. Of course all children do not come under this category. I can think of many lovely girls and outstanding boys who are beautifully trained. I met one boy the other day who was the essence of good breeding and culture. I had heard his mother described as a "snob." Maybe she is—I don't know, but I cannot help but compliment her (mentally) on the excellent job she did on the boy. We spoke together on music, on poetry, on current events, and throughout our conversation was this lovely thread of respect and politeness commendable in one so young and so modern.

I sincerely regret that "yes, ma'am" and "yes, sir" are almost a forgotten word.

Some modern people object to it as being too servile. But, I never fail to experience a sense of shock when I get a "yes" in answer to a question. The pity of it is that the children suffer eventually, for a lack of interest on the parents' part.

One wonders what the result will be for them.

Since I am always advocating keeping my young, I am going to print today a little composition which I wrote one day when it seemed to me that too many people were permitting themselves to get old needlessly. I have called it "The Third."

Age is an old greener.
Who wants to look her gown?
Let's all refuse her entrance.
And we shall wear the crown.
Her subtle ditty to tell,
But if we fail to listen,
We'll break her ugly spell.
She speaks to us of foolishness.
Our eyes she tries to dim,
Let's bar our doors against her
And never let her in.

Discouraged of her plight
Soon she will go her weary way.
And we'll rejoice the lovely day
That sent her on her flight.

We do have an awful lot to do with ourselves getting old. I regret that a friend of mine has dropped all her activities and her memberships and as she explained it herself, "was just going to go in." That's exactly what we should not do. The last time I saw my friend I could not help but observe how she has aged. Just "giving in" is dangerous. It leaves us too much time to coddle ourselves, too little opportunity to mingle and mix. I have another friend who, has three growing children, an enormous house and is interested in at least three or four projects. She is moving about all the time. I mean just active. I happen to know that she is several years older than I but you'd never suspect it. She doesn't have a line in her face or a gray hair in her head. She has no time to get old.

Here is a recipe for a delicious mayonnaise.

2 egg yolks.
1 pint Wesson oil
Salt to taste
Plenty of Paprika
1 pod of garlic, cut very fine
Vinegar to dilute.

Place egg yolk in bowl. Beat, adding oil a little at a time. Whip, then add more oil. When begins to thicken, pour in a little vinegar, whip, start with oil again. Use vinegar only to dilute, not to flavor. If too thin pour in more oil. Add finely chopped garlic and lots of paprika. Add salt last.

I heard an expression recently which seems to suit Mrs. L. Carroll to a "T"—Born to the purple.

FARM PRICES
Prices of farm products increased 6.5 per cent between mid-June and mid-July, largely under the impetus of Korean war developments according to the Agriculture Department. The farm price level on July 15th was the highest in 18 months and 6.9 per cent above a year ago. Prices paid by farmers for goods and services and for farm production items increased about half of one per cent in the same period.

Showers for Miss Rose Mary Dick
Who will be Married Tuesday, Aug. 22

On Saturday afternoon at the home of Mrs. Bernard Blaize on Carroll Ave. Miss Rose Mary Dick and Miss Kay Ford were co-hostesses at a very lovely lingerie shower in honor of Miss Rose Mary Dick whose engagement and forthcoming marriage have been announced by her parents, Mr. and Mrs. N. M. Dick.

Miss Dick wore a very pretty troussseau dress of brown and white sheer and a corsage of sweetheart roses and fleur d'amour. Miss Dick wore a navy sheer with a shoulder corsage of pink carnations. Guests besides the honoree and her mother were Mrs. W. C. Holmes, of Puley, Ala.; Mrs. Clemence Chadwick, Mrs. Sam Fuchich, Miss Sue Fuchich, Miss Anna Armstrong, Miss Mary Alice Beck, Miss Mary Elva Saffo, Mrs. Sybil Fontlunoy and Mrs. J. H. Bond, Jr.

Miss Rose Mary Dick, whose marriage to Mr. Williams C. Holmes, Jr. will take place on August 22, was guest of honor on Wednesday afternoon at a linen shower given by Mrs. Walter J. Gex, Jr., at her home on South Beach.

Miss Dick was lovely in a brown or gandy troussseau dress, with a corsage of white fleur d'amour and gardenias pinned to her shoulder. Her mother, Mrs. N. M. Dick wore a black and white dress with a corsage of pink carnations. Throughout the reception

Week end guests of Mr. and Mrs. Robert Camory at their home on South Beach were Mr. and Mrs. Richard Jaubert of New Orleans.

Over for the day on Sunday were Dr. and Mrs. Henry Larose and their two children, Cissy and J. Henry, III, who visited at the home of Dr. Larose's parents, Mr. and Mrs. Henry Larose at their home on North Beach.

Mrs. Rita Tugnot, her daughter, Mrs. Edmond Fahey, Jr., and Mrs. Fahey's young son Edmond III left by train for a two week vacation in Baltimore and New York.

Miss Mary Frances Scaife and Miss Sandra Scaife, daughters of Mr. and Mrs. Arthur Scaife attended the wedding of their cousin, Miss Gloria Amato and Mr. George Ciasio which was celebrated on Saturday, August 5 at St. Joseph Church in New Orleans.

Miss Adele Grant had as her guest for the past week at her apartment on South Beach, Miss Helen Coddington of Martinsville, Va. On Miss Coddington's arrival in New Orleans, Miss Grant met her and they spent the week end sightseeing throughout the city. They were much impressed with the antique shops and historic places of the Vieux Carre.
